INTRODUCTION

Developed with the input of industry-leading pit crew coaches and coordinators, the eight-week Pit Crew U curriculum requires students to learn the skills of each pit crew position before focusing on one primary position. This makes for well-rounded graduates who are not only performing live pit stops by the end of the course, but who can also understand their teammates' responsibilities and perform their own equipment maintenance and race day set-up. Each Pit Crew U class has dedicated instructors who are all graduates of the program themselves.

ENROLLMENT QUALIFICATIONS

The school shall require graduation from a public or private or a state registered home high school as a prerequisite to enrollment in a certificate or diploma course offered by the school. Exceptions to this requirement may be made for students who hold a certificate of high school equivalency or for non-high school graduates who are 18 years of age or older who have taken the TABE (Test of Adult Basic Education), required by the State of North Carolina. A copy of the high school equivalency certificate or test results shall be kept in each student's record. The school shall not permit students of high school age to attend the school during the time that high schools are in regular session, except in individual cases approved by the student's high school principal.

ENROLLMENT PROCESS

Persons enrolling in the Pit Crew U program are required to submit a completed application along with a non-refundable Application Fee due at the time of application. In addition, a Program Fee to cover all associated costs of the program is due **prior** to the start date of the scheduled program. Due to the experiential nature of the class, required equipment, and content, Pit Instruction and Training, LLC requires payment of the Application Fee and Program Fee in full prior to the scheduled start date of the program.

Students may enroll any time prior to and including the first day of class

GRANTING CREDIT

Due to the specific nature of our industry, we do not accept any type of prior educational or work experience as credit towards Pit Crew U.

CODE OF CONDUCT

Pit Instruction & Training reserves the right to impose a variety of disciplinary actions, including permanent termination from school, on any student whose behavior—on or off campus—violates the Code of Conduct outlined in this Catalog. To clarify, school administrators will determine in their sole discretion if the Code of Conduct has been violated. Disciplinary action may be taken under this Code of Conduct regardless of whether that conduct also involves an alleged or proven violation of law. Specific instances of misconduct include, but are not limited to the following:

Drugs & Alcohol

Drug use, substance abuse or possession of drugs, drug paraphernalia or alcohol while on or off Pit Instruction & Training property or during school activities is not tolerated. As a condition of acceptance, Pit Instruction & Training students agree to random and for-cause drug testing throughout their attendance as set forth in Pit's Substance Abuse Prevention Policy included in this guide.

Guns and Weapons

Possession of guns or weapons on campus (in parking lots, vehicles, etc.) is not permitted. Any knife with a blade longer than 2 inches is considered a weapon and not permitted on campus.

Illegal Actions

Any action in violation of federal, state or local laws on or off campus is not tolerated.

Disruptive Behavior

Any type of disruptive behavior is not tolerated. Disruptive behavior includes, but is not limited to, obscene language, profanity, derogatory comments, racial or sexist remarks, sleeping in class, or leaving the classroom or shop area without permission.

Fighting

Bullying, harassment, fighting, manufacturer bashing, threats or other acts of violence between students or directed toward Pit Instruction & Training staff is not tolerated on or off campus.

Vandalism

Vandalism of School or personal property of students or staff on or off campus is not tolerated.

Theft

Stealing or possessing stolen property on or off campus is not tolerated.

Possession of Stolen Property

Possessing property known to be stolen that may be identified as property of Pit Instruction & Training or any other person or business is not tolerated.

Destruction of Property

Destruction of School or personal property of students or staff on or off campus is not tolerated.

Civil Disturbance

Any conduct that involves disturbing the peace of the School and/or the local community is not tolerated. Disturbing the peace under such circumstances can be defined as, but is not limited to, disorderly conduct and failure to comply with the directives of law enforcement or Institute officials. This includes loud exhaust and stereos.

TRANSCRIPTS

Pit Instruction & Training maintains a full record of all course attempts for each student. Only the student's successfully completed courses will appear on the official transcript. However, all attempts will be reflected on the student course listing. Within two weeks of graduation, each student will receive two copies of his or her official transcript. Additional certified copies may be obtained anytime thereafter for a nominal charge by contacting the school. Unofficial transcripts are available free of charge. The school reserves the right to not issue or award graduation documents and transcripts to a student until all financial obligations to the school have been satisfied.

ADVERSE WEATHER POLICY

Students will be notified of any school closing by 2:00pm on the day of class.

ATTENDANCE

It is essential in the pursuit of a successful education that absenteeism is kept to an absolute minimum. Therefore, all absences, tardies and early leaves will be recorded, regardless of the reason. There are no excused absences from scheduled class days (with the exception of campus closures for weather or emergency-oriented issues), tardies or early leaves. Due to the nature of our classes, we do not grant any leave of absences, excused absences or make up work. If you are absent from class more than three days during your eight week program, you will be disqualified to continue your current class and will be allowed to re-enroll in the program during the next twelve months at no additional cost. Arriving to class at least 15 minutes late, results in one tardy. In the event of tardiness, two tardies will equal one full day absence.

GRADING SYSTEM

Students who meet attendance standards and class requirements will receive a Certificate of Completion.

COURSE GRADING SCALE

Pit Crew U will be graded on four (4) domains:

- Attendance
- Class Room Tests/Quizzes
- Athletic Performance
- Pit Stop Performance

Class Room Tests/Quizzes

There will be in class tests and quizzes, which will allow the instructors to evaluate the pit crew student's course knowledge as the class continues to add new objectives to the outside performance. This grade will come from a cumulative average at the end of the course. These tests and quizzes will be distributed at the beginning of class, following classes where new course material has been learned. Instructors will never give a test or a quiz within the same class or day that new material has been taught. This allows forty-eight (48) and up to one hundred and twenty (120) hours to prepare for upcoming evaluations. The tests/quizzes will be graded on a ten (10) point scale:

A	100-90
B	89-80
C	79-70
D	69-60
F	59 or >

Athletic Performance

At the beginning of every Pit Crew U course, pit crew students will undergo an extensive fitness test on the second (2nd) night of class. During the eight (8) week course, pit crew students will spend the majority of their time in an active role around the car, and learning proper technique not only with position specific objectives, but athlete objectives. The students will be advised on dynamic mobility, speed and agility, closed kinetic movements with body weight, conditioning, and proper athlete nutrition. Within the active roles around the car, the student will partake in a large volume of sports specific resistance training that will better prepare them for their job on the car and for their end of course fitness testing, which will establish their grade within this domain. At the end of the eight (8) weeks the student will be re-evaluated and graded on their athletic performance within these fitness tests. The individual fitness test will be graded individually as follows, and will cumulatively add up for an either "Pass" (A=100 points) or "Fail" (F=0 points). The tests and individual grading is as follows:

GRADING SYSTEM

Athletic Performance Pass/Fail Grading Scale

Pass = 32-17 Points

Fail = 16 or > Points

32 Possible Points

Improvement = 2 points

Maintained = 1 point

Decreased Performance = -1

Indoor Athlete Testing

Push Up (AMAP continuously)

Vertical Jump (best of 3)

Long Jump (best of 3)

Sit Reach (best of 3)

Jump Rope (30 sec. – best of 2)

Chest Press

Leg Press

Outdoor Athlete Testing

Lug Nut Color Reaction (best of 2)

Changer Travel Test (Front – best of 2)

Changer Travel Test (Rear – best of 2)

Jack Man Travel Test (best of 2)

Medicine Ball Carrier Tire Shuttle (best of 2)

15 yd. Sled Pull (total time)

Lug Nut Shuttle (best of 2)

Pro Shuttle [5-10-5] (best of 2)

300 Shuttle

Pit Stop Performance

Pit Crew U students will be graded by their performance over the wall on their last classes live stops. The over the wall performance will be graded by a front only and a rear only pit stop per pit crew student per night of live stops. The pit stop will include one (1) jack person, one (1) changer, and one (1) carrier. The pit stop test will be isolated to a front and rear only pit stop format to prevent the other portion of the pit stop from slowing down the end result. If for some reason, the students in that current Pit Crew U course do not have the performance needed to supply their own team mates the goal of the stop, then experienced pit crew will be assigned to the student(s) pit stop test to attain the foundation that will be needed for the student to excel.

Pit Stop Performance Grading Scale

A = 100	17 seconds or >	(passing score)
B = 89	17.01 - 20 seconds	(passing score)
C = 79	20.01 - 23 seconds	(passing score, with possible recycle)
D = 69	23.01 - 26 seconds	(failing score, with possible recycle)
F = 59	26.01 seconds or <	(failing score, no recycle)

Pass / Fail Standards

If a combined average of these domain's results in a "C" average or better along with good standing on attendance in the Pit Crew U course, then the student will pass the course.

If a combined average of these domain's results in a "D" average or worse along with good standing on attendance in the Pit Crew U course, then the student will fail the course with the possibility of one (1) free recycle if the grade attained was at least a "D". A score of an "F" will result in no free recycle.

RECYCLE POLICY

The recycle option is not a guarantee to any Pit Crew U student.

The recycle will be utilized by the General Manager and Director of Motorsports discretion. If the student misses more than the allotted absents, due to family, medical, or any other major life event, that the General Manager and Director of Motorsports is made aware of then the one (1) free recycle may be utilized.

If the student fails the course due to the grade average, and that average was above an F, then the recycle option could be offered, as long as the student is on good standings with the instructors and showed constant improvement throughout the course, but was unable to receive a passing score.

In either of the above, the student will be advised to recycle with a new upcoming Pit Crew U class at no charge for the first reattempt of the course as long as the course is retaken within one (1) year from the drop date.

If the student fails to complete the Pit Crew U course on the second (2nd) attempt, then the instructors will advise the student to pursue other options for furthering their education within the pit crew industry.

If the student fails to retake the Pit Crew U course within one (1) year from the drop date, then the student will be responsible for paying the full PCU 101 tuition in full, before their second (2nd) attempt.
